EORGIA STATE FAIR THROWS OPEN GATES

Thousands of Visitors Arrive For the

GREAT HOME-COMING EXERCISES

Exhibits Are All in Place and Everything Points to the Most Successful State Fair Ever Held—Hundreds of Former Georgians Celebrate.

Atlanta, Oct. 11.—With hundreds of former Georgians returned to celebrate the great home coming, countless exhibits and many amusement attractions, the Georgia State fair was opened Wednesday morning beneath clear skies that promised to swell the attendance during the 10 days of the big meet.

The opening day was given over almost entirely to the exercises attending the gathering of Georgians, who now live in other states. An elaborate program had been prepared in their honor and the guests were welcomed by Mayor Woodward and Governor Terrell to the state of their nativity.

The following was the program:

Morning—Arrival and registration of visitors at agricultural building and in city. Badges and souvenirs will be supplied at places of registration.

Noon—Address of welcome, agricultural building, Governor Joseph M. Terrell. Address of welcome, Mayor James G. Woodward. Response, Congressman Stanley of Mississippi.

Afternoon—Committee of 50 prominent Georgians representing each congressional district took charge of visitors, giving them information from all sections of the state.

All of the late exhibits for the big show had arrived Tuesday night and were rapidly put in place, scores of carpenters working until daylight. Many of the belated amusement attractions came in on the late Tuesday night trains and they were installed.

When the gates were opened wide Wednesday morning all was in readiness and there were no delays in opening any of the exhibits or shows.

Mr. Sleeper said the Cuban people seemed to feel the necessity of the action taken in their affairs by the United States government, and they were none the less friendly toward the United States.

Barbed Wire Fence Man Dead.

Chicago, Oct. 11.—Joseph H. Glidden, the inventor of the barbed wire fence, is dead at his home in DeKalb, Ills., at the age of 83. Glidden obtained the idea of making barbed wire fencing from an exhibit made at a county fair in the early sixties by a man named Rose, who had driven some brads through a block which he then stapled on a wire. Glidden improved upon this idea, and the barbed wire of today was the ultimate outcome.

BUILDINGS ORDERED CLOSED.

All Unsafe Structures of Packing Plant Condemned.

Chicago, Oct. 11.—Building Commissioner Bartsen Wednesday ordered the police to close all buildings at the packing plant of Nelson Morris & Co. found to be in a dangerous condition.

Some days ago the commissioner ordered that certain changes be made in 28 buildings, connected with the plant, in order to conform to the building ordinances. Early Wednesday he was informed that the changes had not been made, and he directed that a force of inspectors and police be at once sent to the stock yards and if the changes had not been completed by noon, to close all of the 28 buildings in which violations of the law had been discovered.

The first places visited by the building inspectors were the butterine factory and the tin shop. Policemen were stationed at the doors of both buildings and ordered to refuse all persons admission to the buildings. Employes inside the buildings were not molested, but all of those who had left at the lunch hour were turned away when they tried to return to their work. The policemen told all employes that they would remain at the doors until the fire escapes ordered by the building commissioners had been built.

MISTOOK YOUNG FOR BURGLAR.

Clerk Whitehead at Sylvester Kills Marshal Young.

Tifton, Ga., Oct. 11.—Jacob Young, Jr., night marshal of Sylvester, was shot while entering a window of Dr. W. L. Sikes & Sons' drug store, by Mr. Whitehead, a clerk in the store, who was on the watch. Mr. Young died without regaining consciousness.

For some time past there have been small burglaries committed in Sylvester, and Sikes' drug store has more than once been a victim.

Before closing it, it was noticed that one of the window fastenings had been tampered with, and Mr. Whitehead decided to sit up and watch the store that night. About 11 o'clock he apparently dozed, and was aroused by some one coming in at one of the rear windows, which faces on a street. The man entering the window had a flashlight in one hand and, in the other, what Mr. Whitehead thought, was a revolver.

Mr. Whitehead fired three times at the man coming in the window and then ran to Reason Sutton and told him that he had killed a man in the drug store.

Mr. Sutton, who is a brother-in-law of Mr. Young, and day marshal of Sylvester, accompanied Mr. Whitehead and found Young some distance from the store, where he had fallen in an effort to reach a doctor's office, from which he was only a short distance. After Mr. Sutton reached him, he only spoke once, saying, "Not me," and became unconscious, dying without being able to speak again.

Mr. Young had been drinking during the afternoon preceding the shooting, and it is thought that he was passing the store and heard the noise made by the man inside, possibly finding the window unfastened, started to go in to investigate, when the fatal shot was fired. He and Mr. Whitehead are said to have been the closest friends, and the latter deeply regrets the affair.

Mr. Whitehead was placed under arrest, but released Tuesday afternoon, the evidence being that he was clearly justifiable.

The Cordeleans returned the fire and afterwards sought parts nearer home. No cause can be assigned for the attack.

SAM BURNETT RESIGNED.

Norman Taylor Now Carrier for Rural Route Number 1.

Sam J. Burnett, Jr., who is the pioneer rural mail carrier in this county, having held since its establishment the route known as No. 1 from Gainesville to Bennington and return, has resigned.

Sam did not resign because of the fact that he was dissatisfied, but he desired to attend a business college in Jacksonville, and it would be a difficult matter to do both at the same time. He has performed an efficient and courteous and obliging service, and patrons of the route regretted very much to lose him.

Norman Taylor, another young man of courteous manner, has been appointed to succeed Mr. Burnett, and has already assumed his duties. Mr. Taylor is a young man of aptness and ability, and will no doubt fill the position with perfect satisfaction to the patrons and the government.

JERRY AND HIS AUTO.

Says He is Willing to Race Any Machine in City of Gainesville.

"I have a great deal of confidence in my new automobile," remarked Jerry Runkle to a number of friends on the east side of the square Thursday, "and I'll bet any man who owns an auto in this town a ginger cake (Mr. Runkle controls a bakery) that I can beat him out on a race. I have confidence in my machine, and I am willing to stand the price with anybody."

Mr. Runkle owns a nice machine. While it is not of the standard guage, it is something of which he may well feel proud, and is giving him excellent service. He is enabled to "keep up" with the best of standard guage machines in the city—and that's what makes him prouder than ever.

Real Estate Transfer.

Benj. T. Arnow, the efficient chief clerk in the Gainesville postoffice, loves a semi-rural life, and for that reason he loves a home with that sufficiency of room which will permit him to have his stock and his poultry—and everything else he wants for that matter.

Mr. Arnow is very fond of tender, crisp vegetables; he is likewise fond of eggs and chickens and good, pure milk, but has long ago realized that neither of these articles could be secured in the local markets unless fabulous prices were paid, hence decided to provide these luxuries himself.

Mr. Arnow has purchased from Phillip Dampier a handsome little tract of twenty acres, situated just a quarter of a mile west of the University of Florida, where he proposes to raise in future just what he wants—and raise it to his liking. The tract is among the most fertile in the county. It is all cleared and under fence, and the property contains a comfortable cottage, which the new owner proposes to improve in some respects.

Friends of Mr. Arnow congratulate him upon this new investment.

GRAVE DISEASES, DUE TO STANDING

Facts About Miss Merkley's Dangerous Illness and Complete Cure

Have you ever thought why so many women or girls rather walk an hour than stand still for ten minutes?

Miss Margret Merkley

It is because most women suffer from some derangement of their delicate organism, the discomfort of which is less trying when they are in motion than when standing.

In some states laws compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. They must get the strength which this work demands or run the risk of serious diseases and the surgeon's knife.

Read the experience of Miss Margret Merkley, 275 3d Street, Milwaukee, Wis.:

Dear Mrs. Pinkham:—

"Gradual loss of strength, nervousness, bearing-down pains and extreme irritation compelled me to seek medical advice. The doctor said I had diseased organs and ulceration, and advised an operation if I wanted to get well. I objected to this and decided to give Lydia E. Pinkham's Vegetable Compound a trial. I soon found that all the good things said about this great medicine were true. The ulceration soon healed, backache, headache and nervousness disappeared, and in a short time I was strong, vigorous and perfectly well. I wish every working girl who suffers would try Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound is a vegetable tonic which invigorates and strengthens the entire female organism, and will produce the same beneficial results in the cases of other sick women as with Miss Merkley.

The first meeting of the Twentieth Century Club for the session 1906-7 was held Monday afternoon, at the home of Mrs. W. B. Taylor, Mrs. L. C. Lynch, the president for the year, presiding.

In the business session, at the beginning, the various committees made their reports, which were accepted. Mrs. W. S. Dorsey and Mrs. C. A. Colclough were elected delegates to the Annual convention of the State Federation of Woman's Clubs at Tallahassee in November.

Mrs. J. W. Tench, the leader for the afternoon, presided over the literary exercises. The roll call was answered by about thirty members, the majority of whom, as per program, responded with appropriate suggestions for making the year's work a success. The president then read her inaugural address, which was replete with valuable suggestions expressed in admirable literary form.

Excellent music was rendered by Mrs. Evans, Mrs. Becker and Mrs. Crow. The literary program was concluded by a reading by Mrs. T. P. Hay. Mrs. Tench proved an excellent and entertaining leader.

It was decided to hold the next meeting at the home of Mrs. Craighill.

After the Club adjourned the members and visitors were served with light refreshments.

Mrs. Taylor, as hostess, contributed much to the pleasure of the afternoon.

CURE CATARRH NOW.

Do Not Wait Until Winter or Disease Will Become Chronic.

Many people in Gainesville are beginning to cough and hack with the fall symptoms of disagreeable and offensive catarrh. The tongue is coated in the morning, and they do not sleep well at night on account of disagreeable tickling and dropping at the back of the throat as a result of catarrh. Before the disease becomes chronic they should use Hyomei and get complete freedom from their catarrhal troubles.

If you neglect to treat catarrh when it first comes on, the chances are that it will become so firmly rooted and deep-seated that it will bother you all winter and may become chronic and almost incurable.

The first day's use of Hyomei will show a decided improvement in health, and in a short time there will be no further trouble, and you will be free from catarrh, and coughs and colds will not bother you during the winter.

Remember that Hyomei is sold under an absolute guarantee that it costs nothing unless it cures. J. W. McCollum & Co. have sold a great many Hyomei outfits, every one with their personal guarantee that it costs nothing unless it cures, and they have seen so many remarkable evidences of the curative powers of Hyomei that they are very glad to continue giving this guarantee with every package.

A complete Hyomei outfit costs but

Local Druggist Secures Celebrated Cooper Remedies.

EXCITED, THE MOUND CITY

Statement by Leading Druggist in St. Louis Indicates That the Remarkable Success of New Preparations is Genuine.

Will Gainesville be affected with the same astonishing demand for the new preparations extolled by L. T. Cooper, as has visited St. Louis and the leading cities of the East?

The question is brought forth by the fact that a local druggist has secured the agency for the much talked of preparations that are producing such a furor, and about which the newspapers of the United States have devoted columns.

In fact a discussion of Cooper's preparations and the unheard of demand for wherever introduced has appeared in a greater part of all the leading dailies of the country.

The recently published statement of the manager of the Wolff-Wilson Drug Co. of St. Louis, which appeared in The Post-Despatch and Globe-Democrat of that city, would seem to indicate with no exception these preparations produced the same results in all sections, regardless of what pressure is brought to bear against the medicines.

His statement is as follows:

"This talk about St. Louis going mad over Mr. Cooper is absurd. If his preparations did not do all that is claimed for them there would be no demand. Mr. Cooper has nothing whatever to do with it.

"The idea that his personality has something to do with the sale of his medicines, and that the people of this city only imagine they have been benefited is too far-fetched to be seriously considered.

"One physician says the people have a disease called 'Cooper-mania.' This may be clever, but it certainly is not true.

"I have sold these preparations on trial ever since Mr. Cooper made my store his headquarters. Anyone can receive whatever they pay for the preparations instantly if they are not satisfied If the people are infatuated with Mr. Cooper, as is claimed, and therefore buy his medicines, why don't they come and ask for their money after they have taken them? Out of the thousands of bottles we have sold almost none have been returned.

"As a matter of fact, St. Louis is no exception in the immense demand for these preparations. Before Mr. Cooper came to this city, I received letters from leading druggists throughout the East telling me that wherever he goes his preparations are sold almost to the exclusion of all others.

"Every city in this country where these medicines have been introduced has had the same experience as St. Louis. This ought to be proof positive that the people know what they are about."

In the light of this statement it will be interesting to see how these preparations are received in Gainesville.

THE ELDER TREE.

Once Held In High Esteem as a Cure For Epilepsy.

Although tradition tells us that it was on an elder tree that Judas hanged himself, great virtue has long been attributed to it as a cure for epilepsy. The origin of this belief may be found in the following quotation from an old book of charms:

"In the month of October, a little before full moon, pluck a twig of elder and cut the cane that is between two of its knees, or knots, in nine pieces. Bind these pieces in a piece of linen, hang this by a thread about the neck so that they touch the spoon of the heart, or the sword formed cartilage, and that they may more firmly stay in their place bind them thereon with a linen or silken roller wrapped around the body till the thread break of itself. The thread being broken and the roller removed the charm is not to be touched at all with the bare hands, but should be taken hold of by some instrument and buried in a place that nobody may touch it."

Of course unless the instructions were followed strictly a complete cure could not be assured. There is another superstition about the elder which doubtless has saved many a boy a stout caning—namely, that it hinders a child's growth if used as an instrument of punishment.—Sunday Magazine.

Walking to Health.

When there is no organic weakness which is aggravated by the exertion it is the easiest and pleasantest thing to walk right into health. Of course there is no virtue in a dawdling walk. The slow and languid dragging of one foot after the other, which some people call walking, would tire an athlete; it utterly exhausts a weak person, and that is the reason why many delicate people think they cannot walk. To derive any benefit from the exercise it is necessary to walk with a light, elastic step, which swings the weight of the body so easily from one leg to the other that its weight is not felt and which produces a healthy glow, showing that the sluggish blood is stirred to action in the most remote veins. This sort of walking exhilarates the whole body, gives tone to the nerves and produces just that sort of healthful fatigue which encourages sound, restful sleep.

Civilization Does Not Enfeeble.

We need not have the slightest fear that civilized man is going to become degenerate from city dwelling or any of the other strains of civilization. Contrary to popular belief, the white man of today has a lower death rate, a higher average length of life, is taller, heavier and stronger than any of his predecessors or any known race of savages. Almost any company of American and English soldiers will contain men who can outrun, outwrestle and outswim the best athletes of any native tribe.—Everson Magazine.

THE PERSECUTED JEW.

He Is, It Is Claimed, the Most Spiritual Man Alive.

"The Jew is said to have what is known as the commercial instinct," said Oscar S. Straus. "Hume tells us that under Richard I. 500 Jews sought safety in the castle of York, where, not being strong enough for defense, they killed their wives and children, threw the bodies over the walls into the mob below and, setting fire to the castle, were themselves burned alive. The gentry owing money to the Jews hastened to the cathedral, where their bonds or promissory notes were kept, and made a bonfire before the altar. 'The compiler of the Annals of Waverley, in relating the event,' Hume says, 'blesses the Almighty for thus delivering over this impious race to destruction.' History blazes with such stories of self sacrifice and barbarity. The commercial instinct in this particular case appears to have been on the other side.

"Instead of the Jew being a natural barterer, he is the most spiritual man alive. He has been pounded through the ages, robbed and massacred, but he yields neither his traditions nor his ideals. Had he been materialistic he would have sold out long ago and bought peace. If he would join the Greek church he would be safe in Russia. Rather than do that he will walk into the jaws of hell. Therefore I say that he is spiritualistic or idealistic rather than practical or material. Were I to choose a family that would live I would have it meet hardships and persecutions. Were I to choose one to die I would give it pleasure and luxury. The Jew, denied his civil rights, despoiled of his property, scourged and murdered, has only been made tougher and longer lived. His enemies have given him strength and trained him most admirably for the battle of life, no matter in what part of the world fortune may lead him."—New York World.

TO KEEP YOUNG.

Be Active, Seek Variety and Don't Be Afraid to Laugh.

Never retire from active life if you can possibly avoid it; keep "in the swim;" keep the mind active; never refer to your advancing years or say "at my age."

To preserve youth you must have a variety of experience. The country woman at forty, although breathing a purer air and living on a more healthful diet than the city woman, often looks fifty, while the latter at the same age does not look more than thirty. But her mind is more active than that of her country sister; that is the secret of her more youthful appearance.

Nothing else ages one more rapidly than monotony—a dead level existence without change of scene or experience. The mind must be kept fresh or it will age, and the body cannot be younger than the mind.

Few minds are strong enough to overcome the aging influence of the monotonous life which rules in the average country home. City people have infinitely greater variety of life. They enjoy themselves a great deal more than country people. They work hard when at work, but when they are through they drop everything and have a good time. There is no doubt that the theater, in spite of its many evils, has done a great deal toward erasing the marks of age. People who laugh much retain their youth longer.—Success.

Overreached.

Old Joe, a farmer, was noted for the many ways he had of skimping and saving. One day he hired a big country boy to help him with his work. The boy reported for duty at 5:30 o'clock in the morning, and Old Joe sat him down to breakfast. After the lad had finished the meal the sharp old farmer said, "What do you say if we eat dinner while we are at it?" As the boy agreed, they fell to and ate a little more. Then, seeing that the youngster could eat no more, Old Joe suggested, "Suppose we finish up and eat supper too." "All right," assented the lad, and he managed to swallow another crust of bread. "Now let's go to work," shouted the gleeful farmer, thinking of the saving in meals he had made. "No," returned the boy. "I never work after supper. A man's time is his own then."—London Times.

When You Take Cold

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. Ollin Reagan Under Bond.

Conyers, Ga., Oct. 11.—A few weeks ago Henry A. Turner and Burton Reagan, both of this (Rockdale) county, casually met and unfortunately disputed over the small matter of $2.50. Turner, it is alleged, struck Reagan with a stone on the head and knocked him down, when Ollin Reagan, seeing his father prostrated with the blow, took up a rock and struck Turner on the head a hard lick, from which he died last Saturday. The Reagans were arraigned in our justice court. Burton Reagan and Walter Reagan, another son, who happened to be present during the dispute, were bound over in a bond of $200 for assault to appear before the next superior court. Ollin Reagan, who struck the fatal blow, was bound over in a $500 bond for voluntary manslaughter.

Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." Twice Saved From Lynching.

New Orleans, Oct. 11.—To escape lynching a 12-year-old negro boy, known as Jesse James, was brought here from Amite, La., and placed in the parish prison. The boy was accused of attempted rape upon a 4-year-old white girl and it was necessary for the sheriff at Amite to take him secretly aboard a train to escape the lynchers. This was the boy's second escape from lynching. Immediately after the crime he was dragged into the woods by friends of the family of the outraged child and a rope had been placed about his neck. On account of his youth, however, he was whipped instead of hanged.

We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

Policemen Seriously Burned.

Columbus, O., Oct. 11.—Three policemen were seriously burned by an explosion in an empty tenement house near the Capitol hotel on West Broad street. Policeman Swaney's clothes caught fire and he plunged into a watering trough. Policemen Casey and Murray were burned, and Otis Kilbourne, driver of a gasoline wagon, was injured. The tenants had moved and taking the stove, had not stopped up the gas pipe, the escaping gas filling the house. The police entered the house to see what was the trouble, when the explosion followed.

TOO MUCH POWER.

Section No. 34 of the proposed constitutional amendment, says The St Augustine Record, authorizes the board to enter upon anyone's land and take and use such land before the board pays for same, pending condemnation proceedings. These condemnation proceedings may be extended for many months, and yet the board has a right to use the lands without having paid for them. This is another unwarranted and arbitrary authority given to this board. No property right is better settled than that in condemnation proceedings no organization shall have the right to enter upon and use the property of another under the doctrine of eminent domain until compensation has been paid or provided for the lands so taken; but this extraordinary amendment gives to this board this power, which is exercised and possessed by no other governmental agency in this country. In addition, this Section 34 gives to the board the right in effect to deduct from the compensation which should be allowed to the citizen for his lands taken by the board for its use the alleged benefits on account of the work done or contemplated to be done by the board. The benefits are, under our present Constitution, never permitted to be deducted from the compensation to be allowed the land owner.

The Administration is keeping very quiet about its Venezuela conspiracy, but the evidence of its complicity in favor of the Asphalt Trust is now being exposed in the courts, the testimony being taken in the suit of Amzi L. Barber against the General Asphalt Company for alleged libel. The evidence goes to show that the claim of President Castro is true that the Asphalt Trust had "aided the Matos revolution in Venezuela by the contribution of large sums of money to Gen. Matos." The Roosevelt Administration tried to browbeat President Castro and compel him to favor the Asphalt Trust, but he successfully resisted and hence the scandal which involved the Roosevelt administration. Such scandals, however closely hidden by the diplomats, are bound to be exposed sooner or later.

Judge Pendleton of the superior court in Atlanta describes a vagrant as follows: "A man must labor enough to keep a good full stomach. A vagrant is a person who does not, when he could, make enough to support himself through his own effort. If a man can make a dollar and a half a day and works only one day in the week, he is not earning a bonifide support. A man who is hungry is more likely to commit a crime than one who is well fed. If a man works only one day in seven, he should be made to stay at home the other six. There is nothing so conducive to crime as idleness, and (speaking to an officer) it is your duty to break it up so far as in your power lies."

The New Jersey Republicans have upheld Senator John F. Dryden, of life insurance fame. John was pretty badly damaged by the Hughes investigation, but he kept his boodle and knew how to use it. The result of the primary elections in his State was a victory within his party, but will result in a victory for the Democrats at the polls in November. The Colbyites (reformers) will still fight Dryden and his machine, and with their aid the Democrats can easily win.

Vice-President Fairbanks was present at the Pike's Peak Centennial and as a coincidence, of course, there was the heaviest September fall of snow on record.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country.

The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps tobacco. The outside of the imitation plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to $1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.

The door had to be enlarged in order to remove the corpse from the house, the body being placed in the casket in the open yard. She was said to be 48 years old and had not been to a table for years, using her lap as a receptacle for dishes containing her meals.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Will Return to Russia.

New York, Oct. 11.—Maxim Gorky, the Russian revolutionist, announced Tuesday night that he would return to Europe in a few days. He made the announcement during a brief address to the East Side Ghetto. "I will bid you goodby before I start for Russia," he said. "I am going to the other side, where I will be nearer the revolution and can continue the work of freedom."

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula, on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 2c in stamps for sample to The Herpicide Co., Detroit, Mich.

Lest We

Forget—baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson.

Gainesville, Florida.

C. C. Thomas has returned from Jacksonville and Starke, where he has been on professional business for the past few days.

S. G. Gay of Micanopy, member of the firm of Colson & Gay, naval stores operators, was a business visitor to this city yesterday.

C. C. Walton, a prominent business man of Dalton, Ga., is in the city. Mr. Walton is on a prospecting tour, and may decide to locate here.

J. F. Simmons, formerly of Waldo but now of Palatka, was a welcome visitor to this office last night, in company with his brother, A. B. Simmons of Bell, whom he will visit for a couple of weeks.

I will buy from you, or sell for you, at private sale or auction, any household or kitchen furniture, or anything else you wish to dispose of. The sale of live stock, rent and sale of real estate, a specialty. P. M. Oliver.

J. B. Smith, a prosperous lumber manufacturer and ginner of Chiefland, is in the city, a guest of D. C. Warner and family. Mr. Smith has faith in the future of Gainesville and his business friends here, with the result that he directs his trade this way.

Miss Elizabeth Haile, an accomplished young lady of Camden, S. C., is sojourning in the city as a guest of Mrs Rachael Haile. Miss Haile was honored, through the courtesy of her hostess, with a charming private reception Wednesday evening, at which several were present.

A. T. Gay of Richmond, representing the wholesale hat house of T. D. Stokes & Co., was registered at the Brown House yesterday. Mr. Gay has been a regular visitor twice a year with the same people for eight years, which is a fair guarantee that he is a "pretty good sort of a fellow."

Mrs. Charles Tyson and youngest son, Paul, of Hague, were in town Saturday en route home. Mrs. Tyson has been visiting her daughter, Mrs. S. S. Smith, at Newtown. Mrs. Tyson made the T.-D. office a pleasant call. They are living in a good farming section, are on a new rural route out of Gainesville, and we are glad to know that they are doing well.—Levy Times-Democrat.

George Dampier, a progressive young farmer of Hague, was trading in the city yesterday.

The residence of T. W. Shands, East Gainesville, is being improved by a liberal application of paint.

Route Agent Rhoades of the Southern Express Company is in the city on a brief visit to his family, who are stopping at the Oaks. He expects to occupy the house being erected by Evans Haile, corner West Orange and North Pleasant streets, when finished.

Mr. and Mrs. J. A. Rosborough of Windsor were among those who favored Gainesville with a visit Wednesday. They were accompanied by their daughter-in-law, Mrs. Dr. Fletcher Rosborough of Atlanta, Ga., who is spending a few weeks at Windsor as their guests.

Ezekial Jolly, formerly of Rochelle but now residing at Lakeland, was in the city yesterday. Mr. Jolly has valuable property interests in Rochelle, and came to look after repairs on the same. He is well pleased with his new home, but says Old Alachua is a pretty good place to live, after all.

C. C. Pedrick has returned from Wacahoota and other points, where he has been in the interest of the Alachua county exhibit for the Florida State Fair. Mr. Pedrick, who is a member of the Board of County Commissioners, is a hustler, and the county would be better off for a few more like him.

D. M. Faiy, the Christian Chinaman in the employ of C. W. Chase, has afforded the editor the opportunity to peruse an interesting little book entitled "Ah Ho's Gold Chair," the life story of the Bible woman of the Presbyterian Chinese Mission at Portland, Oregon. It is really a character sketch of Mrs. Dong Faiy and her work in behalf of Christianity in Portland. Parties interested should call on Mr. Faiy.

Rev. Thos. P. Hay of the First Presbyterian Church will fill the regular appointment at North Gainesville hall at 7:30 o'clock tonight, and the members of all the congregations are invited. These meetings have proved quite popular during the past summer, the good people of North Gainesville having been enabled to hear the various ministers of Gainesville without the necessity of making the long trip to the city and return.

The cool weather predicted for this section came on time Wednesday night, a light frost being observed by early risers yesterday morning, and the indications are that a moderate frost will fall this morning. This is the earliest frost has fallen in Gainesville for over ten years, the average date of the first light frost in autumn being November 12th, and that of the first killing frost December 21st. No damage to vegetation has been done, however.

S. F. Johnson of Lake View, not only one of the youngest truckers and farmers of that section, but one of the cleverest fellows as well, was in the city trading yesterday. Mr. Johnson is what is known as a bachelor, but his friends are endeavoring—in fact they are doing their utmost, to induce him to become a Benedict. He is contented in his "bachelor's ranch," however, and declares that he entertains no idea of "selling off" until the bid comes right.

Manager Goodwin of the Southern Bell Telephone Company states that the management of the Atlantic Coast Line, as well as subscribers, are placed at considerable inconvenience at times in endeavoring to get the hour of arrival and departure of trains, as well as in the freight department. Persons desiring to converse with the freight agent will ring up No. 143-2, the freight department 143-2. If they desire to know about the arrival and departure of trains, etc., by all means ring up the ticket agent, No. 100, when the information will be cheerfully furnished.

VINOL'S RELIABILITY

Prominent Physicians Join With Mr. Johnson in Recommending Vinol.

Countless physicians and druggists are now prescribing and indorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil and emulsions.

A prominent physician writes: "I am satisfied that Vinol derives its wonderful life-giving and strength-creating power from the medicinal curative elements found in the cod's liver. It is the best strength creator and vitalizer for old people, weak women, children and the convalescent that I ever saw."

Another physician writes: "I could cite many cases where health has been restored in a surprisingly short time by Vinol. I should be very sorry to have to do without Vinol in my practice. It has no equal for hard colds, throat and bronchial troubles."

Now, when we tell you that we have never sold in our store a remedy of more remarkable curative and strength-creating power than Vinol, for the weak, the sick and the aged, and that, if it fails to accomplish what we say it will, we will refund your money without question, it shows you our faith in the preparation.

Try Vinol on our guarantee.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

A. G. Cooksey of LaCrosse was in the city yesterday. He called at The Sun office and renewed his subscription.

F. S. Rhoades, special agent of the Atlantic Coast Line Railroad, left yesterday for his home at Brooksville, where he will spend a day or two with his family.

Mr. and Mrs. W. A. McGriff of Micanopy, who have been in this city for the past two or three days on a visit to relatives, have returned to their home.

J. M. Hillman of Anthony, an old friend of The Sun who has been in that section for some time, called at this office yesterday and had his name enrolled upon the subscription list. Friends of Mr. Hillman will be glad to learn that he is prospering, and is enjoying good health.

H. P. Holstein of Hawthorn, who recently removed with his family to this city, is now employed as salesman for Phifer & Morris, and will no doubt make a successful man in this line, since he is well known in the East End. The citizens of Gainesville will be glad to welcome himself and family as residents.

Joseph B. Brooks, proprietor of the Gainesville Bottling Works, returned yesterday from Atlanta, where he has been in attendance at the convention of the National Bottlers' Association. He reports a large meeting, with an exchange of ideas in bottling which will prove very beneficial, and a "jolly good time" as well. Mr. Brooks feels that he was well repaid for his trip in every way.

H. A. Paulling of Lake View, son of Hon. F. F. Paulling, county commissioner from that district, was in the city yesterday. Mr. Paulling has for some time been justice of the peace for his district, having been appointed on the recommendation of his friends, but he is not looking for political honors, and has resigned, much to the regret of those who were instrumental in having him appointed.

W. G. Brown and Geo. A. Addicks of Lake City were among those registered at the Brown House yesterday. Mr. Addicks is a prominent business man in Lake City, having for years conducted the leading bakery. He is also prominent in secret society circles, and past chief of the Lake City fire department. In all, he is a good man with a good record, and any town would be the better off for his citizenship.
